

ENVIRONMENT / CHAPTER /

Our values

- Limit the environmental impacts of our activities and installations
- Contribute to control of the environmental impacts of our customers
- Prevent pollution

Our commitments

Performing our services respecting environmental rules is a major challenge for the Ortec Group:

- Target our objectives to regularly measure the effectiveness of our actions and to initiate continuous improvement
- Respect legal and regulatory environmental requirements
- Set up certified environment management systems
- Define action plans and performance indicators
- Respect and improve waste management on customer sites
- Apply selective sorting of waste in our operations
- Monitor energy consumptions
- Apply good conditions for transport and storage of hazardous products and waste
- Make our personnel aware about eco-driving
- Analyse and deal with dysfunctions
- Take account of audit results
- Organise experience feedback after completion of our services
- Adopt an efficiency and continuous improvement approach
